

I) - Psychologically - what's going on?

1) I am not looking toward the future. There are no goals, plans to meet those goals, realistic expectations.

1. can't get started on gubernatorial campaign.

2. am not dealing with 10 percent or fault.

3. am not maintaining this house well.

4. am not travelling.

5. am not planning what happens if I am out of office in a year. What do I do. What do I want to do.

II. Life goes by fast. so fast. The last 5 years recast the last 5 years - plus my mental instability - place me in an uncomfortable position.
